## NOTICE

All students are hereby informed that department of Mechanical Engg.(MECH-BIS CLUB & MESA Forum) ,KDK College of Engineering, Nagpur in association with "Bureau of Indian Standards(BIS)" is organizing an Intercollegiate Treasure Hunt Competition based on BIS themes on 20th March 2025. This exciting event aims to promote teamwork, logical thinking, and strategic problem-solving among participants from various colleges.

**Details of the Competition:**

- Event: Intercollegiate Treasure Hunt Competition
- Date: 20th March 2025
- Time: 11.00 am Onwards
- Venue: KDK College Campus, Nagpur
- Eligibility: Open to students team of all streams from recognized colleges
- Team Composition: Maximum of 4-5 participants per team
- Theme-BIS logos, trademarks etc.

For more information read Flyer of event carefully and scan code to participate.

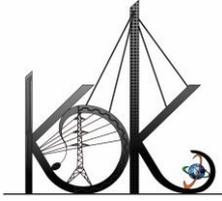

**Prizes:**  
Attractive prizes and certificates will be awarded to the winners.

All are encouraged to participate and make the event a grand success.

### **Department of Civil Engineering**

#### **Report on Bureau of Indian Standards (BIS) Presentation on Standards**

**Event Title:** Presentation on Standards

**Organized By:** BIS Club Civil, KDKCE

**Date:** 27th March 2025

**Venue:** KDK College of Engineering, Nagpur

**Total Registration for Presentation:** 32 X 2 = 64 Students

**Total Participants in Quiz Competition:** Around 250 Students

#### **Introduction:**

The Bureau of Indian Standards (BIS) Club Civil, in association with KDK College of Engineering, hosted a session focused on the importance and implementation of standards across various industries. The event, titled "Presentation on Standards," aimed to raise awareness about the role of BIS in ensuring quality standards and promoting a culture of quality in the country. The event was conducted on 27th March 2025, at the KDKCE campus.

#### **Event Overview:**

The event was divided into two major components:

1. PowerPoint Presentation on Standards by BIS
2. Fastest Finger First Quiz Competition

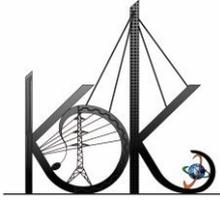

#### **1. Presentation on Standards by BIS:**

A presentation was delivered by experts from the Bureau of Indian Standards, focusing on various aspects of standards, their creation, and their application in different industries. The presentation aimed to:

- Educate students about the importance of standards and how they impact daily life, industrial practices, and consumer safety.
- Highlight the role of BIS in developing, implementing, and promoting standards in India.
- Explain the process of standardization and the benefits of adhering to established quality norms.
- Discuss key sectors such as construction, electronics, food, and health, where BIS standards play a crucial role.

#### **Quality Connect 5.0 Seminar by Bureau of Indian Standards (BIS)**

BIS work towards standardization and conformity assessment for benefiting the national economy by providing safe, reliable and quality goods; minimizing health hazards to consumers; protecting the environment, promoting exports and imports substitute; controlling over proliferation of varieties etc. BIS also support various public policies especially in areas of product safety, consumer protection, food safety, environment protection, building and construction, etc.

In recent years, BIS has worked towards specifically addressing various national priorities and other government initiatives like Swachh Bharat Abhiyan, Digital India, Make in India and ease of doing business through its activities of standardization and certification. In standards development, BIS continues to address issues of technology changes and advancements, climate change, environment and energy conservation, conditions of health and safety and facilitation of trade. In the area of conformity assessment BIS is working towards making the processes simpler and faster.

**Department of Artificial Intelligence & Data Science**

**Name of the Activity:** Quality Connect 5.0 Seminar by Bureau of Indian Standards (BIS)

**Conducted By:** Mrs. Isha Khurana, Standard Promotion Officer, BIS, Nagpur

**About:** Bureau of Indian Standards (BIS) is the National Standard Body of India. BIS is responsible for the harmonious development of the activities of standardization, marking and quality certification of goods and for matters connected therewith.

**Seminar Key Learning Points:**

1. The seminar highlighted the importance of the ISI mark, ensuring consumer protection, and how BIS is driving innovation and sustainability in various sectors.
2. It offered an in-depth understanding of the vital role that BIS plays in ensuring quality standards across diverse sectors in India.
3. The seminar covered various topics, from product certification to standardization and quality assurance for industries like electronics, consumer goods, and construction materials.
4. One of the key takeaways was how BIS standards serve as a framework for both consumer protection and industrial efficiency, ensuring that products meet global quality norms while also promoting innovation and safety.
5. It inspired to spread awareness about BIS standards by being Manak Mitra volunteer so that consumers are saved from fake products and their safety is ensured.

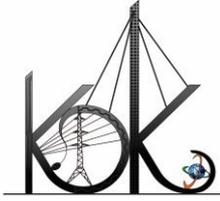

**Impact:** Most of the Students become Manak Mitra volunteer and spread awareness about BIS standardisation to upto 25 people.

**Pre Feedback Analysis**

Are you aware of BUREAU OF INDIAN STANDARDS (BIS) Copy ch

15 responses

Response	Percentage
Yes	80%
No	13.3%
Maybe	6.7%

---

As a consumer how many standards do you know please list

15 responses

I don't know.

3

2-3

According to you why Standardization of Product is necessary

15 responses

Responsiveness, accountability, over- delivery, friendliness and positive attitude is the consumer standards

1.Domestic appliances 2.signs and symbols 3.sustainability 4. Social responsibility 5.ISO 27001 Information Security

To give out every information about BIS to everyone.

Health and wellness, electrical and electronics, food and breverage

Because it teaches us many things..

Food and breverages, homes and furniture

Its reduced product cost

Because of quality, efficiency, cost savings, customer satisfaction, scaling is standardization is important

Standardization helps in ensuring the safety, interoperability and compitibility of goods produced

For benefit of consumers

Benefits to manufacturing

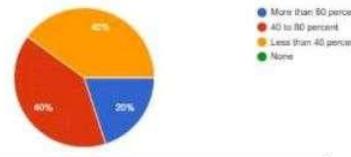

Benefits to manufacturing

Yes

---

According to you how many people are aware of standards like, ISI, BIS HALLMARK etc.,

15 responses

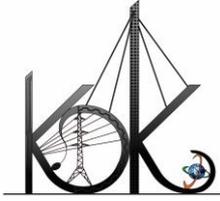

Response	Percentage
More than 60 percent	40%
40 to 60 percent	40%
Less than 40 percent	20%
None	0%

Summary: According to participants most of the people are still unaware of BIS standards and may be using duplicate products. So awareness about BIS standardization is important.

### **Activity Report**

#### **Objective:**

- **To Promote Awareness**

To create awareness among students about the importance of standardization and the role of the Bureau of Indian Standards (BIS) in ensuring quality and safety in various sectors.

- **To Educate Students**

To educate students about Indian standards, certification marks like ISI and Hallmark, and the significance of consumer rights and quality assurance.

- **To Encourage Participation**

To encourage students to actively participate in knowledge-based competitions and foster a spirit of healthy competition and teamwork.

- **To Build a Quality-Conscious Mindset**

To instill the concept of quality consciousness and its relevance in engineering practices and daily life.

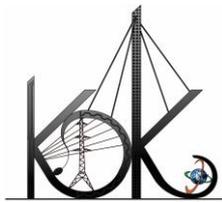

#### **Description:**

The **Quiz Competition on BIS** was organized by the Department of Electronics & Telecommunication Engineering, K.D.K. College of Engineering, Nagpur in association with the **Bureau of Indian Standards (BIS)** on **26th March 2025**. The competition aimed at spreading awareness about the significance of quality standards and the role of BIS in ensuring safety and standardization across various industries.

The event began with an inaugural ceremony attended by faculty members, dignitaries, and participating students. The Chief Guest for the event was **Dr. Rajshree Raut**, Associate Professor at Government College of Engineering, Nagpur, who highlighted the role of youth in promoting standardization and quality in the nation.

A total of **23 groups** 5 members in each group participated enthusiastically in the quiz competition. The event was divided into two rounds:

- **Round 1:** A written MCQ-based elimination round consisting of 50 questions related to BIS, Indian standards, quality control, and consumer rights.
- **Round 2:** A rapid-fire round for the top 10 teams selected from Round 1. Each group was given 5 questions with a 30-second time limit for each answer.

*"Service to the Society through Quality Technical Education"*

## **KDK College of Engineering, Nagpur**

**(Accredited by NAAC & NBA-CE,EE,ME,ETC,CSE)**

*Approved by AICTE, Recognized by UGC under Section 2(f) of the UGC Act, 1956*

*Affiliated to Rashtrasant Tukadoji Maharaj Nagpur University*

After evaluating the cumulative scores from both rounds, the **top 4 groups** were awarded prizes, and **participation certificates** were distributed to all participants. The competition provided a platform for students to learn, interact, and develop an appreciation for the importance of quality standards in both professional and personal spheres.

### **Prize Distribution:**

**1<sup>st</sup> Prize:** The 1<sup>st</sup> prize winning team was Group No.:17, consisting of 4 members, Name:1) Prathamesh Munnarwar 2) Janvi Sable 3) Shweta Shinde 4) Harshan. They score 99 points.

**2<sup>nd</sup> Prize:** The 2<sup>nd</sup> prize winning team was Group No.:13, consisting of 5 members, Name:1) Arpita Bhure 2) Vansh Malviya 3) Dhiraj Rahate 4) Priti Rathod 5) Aditya Dhawle. They score 92 points.

**3<sup>rd</sup> Prize:** The 3<sup>rd</sup> prize winning team was Group No.:20, consisting of 5 members, Name:1) Pratik Take 2) Mayuri Kanire 3) Trushali Godbole 4) Gaurav Shrinath 5) Rohit Lanjewar They score 86 points.

**4<sup>th</sup> Prize:** The 4<sup>th</sup> prize winning team was Group No.:09, consisting of 5 members, Name:1) Ganesh Shingade 2) Nishant Ghuse 3) Vinod Balla 4) Prem Maliya 5) Rudresh Dodke They score 85 points.

### **Chief Guest**

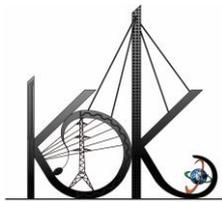

Chief Guest for the event was **Dr. Rajshree Raut**, Associate Professor at Government College of Engineering, Nagpur. The Guest of honor Principal Dr. V. P. Varghese, Vice-Principal Dr. A. M. Badar, Head of the Department Dr. P. D. Khandait distributed the prizes to the winners.

### **Organizing Committee:**

The organizing committee consisted of Prof. R. B. Khule and Dr. J. S. Gawai. They worked tirelessly to ensure the smooth execution of the event.

### **Conclusion:**

The **Quiz Competition on BIS** was a highly enriching and engaging event that successfully achieved its objective of raising awareness about the importance of standardization, quality assurance, and consumer protection among students. It provided a platform for participants to explore the significance of the **Bureau of Indian Standards (BIS)** in various sectors and understand how adherence to standards ensures safety, reliability, and trust in products and services.

*“Service to the Society through Quality Technical Education”*

## **KDK College of Engineering, Nagpur**

**(Accredited by NAAC & NBA-CE,EE,ME,ETC,CSE)**

*Approved by AICTE, Recognized by UGC under Section 2(f) of the UGC Act, 1956*

*Affiliated to Rashtrasant Tukadoji Maharaj Nagpur University*

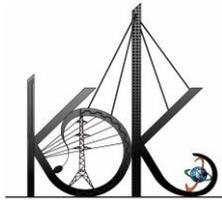

The active participation of students, insightful address by the Chief Guest, and the support from faculty and organizing members made the event a grand success. The Department of Electronics & Telecommunication Engineering extends heartfelt thanks to **Dr. Rajshree Raut**, BIS officials, and all contributors who helped in the smooth execution of this event. The competition not only tested the knowledge of students but also encouraged them to become ambassadors of quality and standards in their future careers.

### **Outcomes:**

- Students gained valuable knowledge about the **Bureau of Indian Standards (BIS)**, its roles, and the importance of standardization in daily life and engineering practices.
- The event encouraged students to understand the significance of **quality assurance** and **consumer protection**.
- The quiz sparked curiosity and awareness among participants regarding **certification marks** like ISI and Hallmark.
  - Students learned the importance of **rapid thinking and teamwork** during the competition.
  - **Top 4 teams** were awarded certificates and exciting prizes in recognition of their performance.
  - Participation **certificates** were distributed to all the teams who took part in the competition.
- The event fostered a spirit of healthy competition and reinforced the value of standards in ensuring product safety and efficiency.

### **Feedback:**

- The participants expressed great enthusiasm and found the quiz both **informative and engaging**.
- Many students shared that the event helped them **understand the real-world applications** of standards and certifications.

*“Service to the Society through Quality Technical Education”*

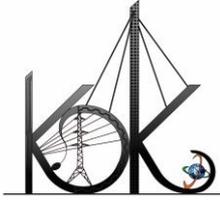

## **KDK College of Engineering, Nagpur**

**(Accredited by NAAC & NBA-CE,EE,ME,ETC,CSE)**

*Approved by AICTE, Recognized by UGC under Section 2(f) of the UGC Act, 1956*

*Affiliated to Rashtrasant Tukadoji Maharaj Nagpur University*

- The Chief Guest and faculty members appreciated the **organization and structure** of the quiz competition.
- Participants were especially impressed with the **rapid-fire round**, which tested their presence of mind and boosted their confidence.
- Suggestions were made to **organize similar awareness programs regularly** to keep students updated with quality control and standardization practices.
- Overall, the feedback was overwhelmingly **positive**, with requests for more such interactive and educational events in the future.

Activity Report 2024-25

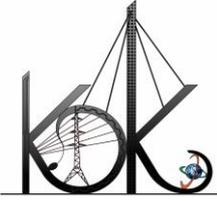

Department of Electronics and Telecommunication engineering (BIS  
Club ETC)

Name of Activity	"Technical Quiz Competition (QUIZ QUEST) on BIS
Date	26/03/2025
No. of Participants	Total: 109 (M: 47, F: 62)
In Association with	Bureau of Indian Standards (BIS)
Assisting Faculty	Dr. J. S. Gawai, Prof. V. V. Chakole, Prof. Madhuri Korde

<b>Objectives</b>	To promote awareness about standardization, quality assurance, and consumer protection among students and to encourage participation in activities related to BIS.
<b>Methodology</b>	The event was inaugurated formally, followed by a two-round quiz competition. The first round was a written MCQ-based elimination, and the second round was a rapid-fire oral quiz for shortlisted teams. Evaluation was based on performance in both rounds.
<b>Outcome</b>	Students developed a deeper understanding of the role of BIS in quality and safety standards. They also enhanced their general awareness and teamwork through participation. Winners received certificates and prizes, and all participants were awarded participation certificates.

### **KDK College of Engg, BIS to organise 'Quiz Quest' today**

**Nagpur:** KDK College of Engineering an autonomous institute accredited by NAAC & NBA and Department of Electronics and Telecommunication Engineering in association with Bureau of Indian standards (BIS) is organising 'Quiz Quest', on Wednesday, March 26.

The Quiz Quest is based on the Bureau of Indian Standards (BIS).

The programme presentation aims to test student's knowledge about different standards and their application relating to the scientific and engineering principals.

### **BIS INNOVATION CHALLENGES – 2025**

#### **“AD-MAD SHOW BASED ON BIS THEME”**

The BIS innovation challenges – 2025 - “Ad-Mad Show Based on BIS Theme” was a dynamic and engaging event designed to blend creativity with awareness about the Bureau of Indian Standards (BIS). Held as part of our efforts to promote the significance of standardization and quality assurance, the event aimed to educate participants and the audience about BIS in an entertaining yet informative manner. Through this activity, participants were challenged to create witty, impactful advertisements inspired by BIS themes, standards, and initiatives. The show served not only as a platform for students to showcase their innovation and marketing skills but also as a tool to highlight the relevance of BIS in everyday life—from consumer products to industrial goods. The event witnessed enthusiastic participation, emphasizing the importance of quality and standards in a fun and memorable way.

In association with the Information Technology department’s student forum “DEV-IT”, Institution's Innovation Council (IIC) and IQAC of KDK College has brief, guide and motivate to the students to participate in this event.

### **KDK College of Engineering**

THE Department of Information Technology, KDK College of Engineering Nagpur under BIS Information

Technology, in association with the Bureau of Indian Standards (BIS), successfully organised the BIS Innovation Challenge 2025. As part of the event, an exciting AD-MAD Show was conducted at the Main Auditorium, KDKCE. The event aimed to promote creativity, innovation, and ethical advertising while raising awareness about BIS quality standards. The event was graced by Adv Kishor P Pantawane (BIS Representative and Speaker), Dr A M Badar, Vice Principal, KDKCE, Dr SP Khandait, HoD(IT). The event was efficiently coordinated by Dr H V Gorewar and Prof S S Ganorkar ensuring smooth execution and active student participation. The initiative was highly appreciated by Management, Principal Dr V P Varghese, Vice-Principal Dr A M Badar and Dr S P Khandait, HOD, who acknowledged the efforts of the organising team in guiding students towards awareness about BIS.

Nagpur Branch.

Subject: Financial Proposal for event- "Presentation on Software Standards" in  
Collaboration with BIS

Respected Sir,

As per the BIS guidelines we would like to conduct Presentation on BIS Standards in any category under Standard Club of Computer Science & Engineering Department in between 22/02/2025 to 28/02/2025

Brief Description of the event is given below:

The event presentation aims to test student's knowledge about different software standards and their applications relating to the Software Industry and IT engineering principles. Teams will focus on exploring the vast variety of topics ranging from Software product and its characteristics to management information systems, software testing methods and code of practices, national and international standards. The teams will showcase their findings and their insights to the expert and the audience. This format encourages collaborative research and comprehensive exploring of the selected subjects.

Distribution of expenses:

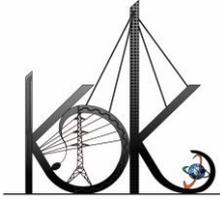

Particulars	Amount
Prize Pool	15000/-
Making of Banner and Certificate with Printing and Publicity	10000/-
Lunch/Refreshments	15000/-
Logistic and Miscellaneous	5000/-
Guest/Judges Honorarium	5000/-
<b>Total</b>	<b>50000/-</b>

Kindly approve our proposal.

Prof. A. P. Nachankar

**Subject:** Invitation for the inauguration Ceremony of BIS Quest & Standard Speak Competition.

Respected Sir,  
The BIS Committee of the Computer Science and Engineering Department is delighted to cordially invite you to the Inauguration Ceremony of BIS Quest & Standard Speak, scheduled to be held on,

**Date:** 28th March 2025

**Time:** 11:00 AM

**Venue:** Main Auditorium, KDNCE Campus.

This event is organized to encourage students to engage actively with standards and quality principles through interactive competitions. We would be honored by your gracious presence and look forward to your support and guidance to make this event a grand success.

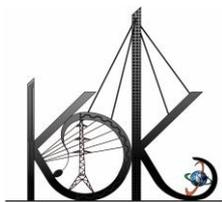

Kindly accept this invitation and oblige us with your esteemed presence.

Thanking You,  
Yours sincerely,

### **Report**

The Department of Computer Science and Engineering at KDK College of Engineering (KDKCE), Nagpur, in association with the **Bureau of Indian Standards (BIS)** conducted an exciting competition titled "**BIS Quest & Standards Speak**" on 28/03/2025. The event aimed to enhance awareness and understanding of Indian Standards in technology and engineering. The competition was inaugurated by **Er. Satish Raipure, Chairperson of the Institution of Engineers, Nagpur**. In his opening address, he emphasized the critical role of standardization in shaping technological advancements and ensuring quality, safety, and efficiency in the IT sector. The event featured multiple rounds of technical quizzes and presentations, focusing on the importance of BIS standards in software, cybersecurity, artificial intelligence, and digital infrastructures. Students enthusiastically participated, showcasing their knowledge and analytical skills. The event witnessed the presence of **Dr. V. P. Varghese, Principal of KDKCE; Dr. A. M. Badar, Vice-Principal of KDKCE; and Dr. A. A. Jaiswal, Head of the Department**. The competition was coordinated by **Dr. S. M. Malode, Head of AIDS Department**. The success of the event was a result of the including **Prof. A. P. Nachankar, Dr. K.S. Chandwani, Prof. A. M. Kuthe, Prof. S. A. Kurzadkar and Dr. Harish Gorewar** whose collective efforts ensured a smooth and engaging competition. The event concluded with winners being felicitated for their outstanding performance, further encouraging students to integrate standardization principals into their professional journey.

Subject: Invitation to be for Expert lecture

Dear Sir,

Greetings from the Department of Electrical Engineering, KDKCE, Nagpur!

We take immense pleasure in informing you that we have organize one day seminar in association with Bureau of Indian standards (BIS) "on Importance and Implementation of Indian Standards for Electrical Equipment & Installations". In this context, it would be our good fortune if you deliver expert lecture on the above topic. The lecture time will be from 30.30pm dated march 25.

Please accept our invitation.

Regards!  
Dr. Shubhangi Ambekar  
Professor & Head  
Department of Electrical Engg.  
KDK College of Engg. Nagpur  
Dr.(Mrs) S.S.Ambekar  
Prof&Head  
Electrical Engg.Department  
KDKCE,Nagpur.

Subject: Letter of Thanks  
Respected Sir,

We sincerely express our heartfelt thanks to you for your valuable guidance given to Electrical Engineering students on the topic "On Importance and Implementation of Indian Standards for Electrical Equipment & Installations". Your expert lecture has been of immense benefit to our participants and faculty members.

We expect similar kind of co-operation in our future endeavours.

Thanks & regards  
Yours truly,  
Dr. Shubhangi Ambekar

### **Report on Seminar:**

The Department of Electrical Engineering at KDK College of Engineering (KDKCE), Nagpur, in association with the Bureau of Indian Standards (BIS), successfully conducted a seminar titled *“Importance and Implementation of Indian Standards for Electrical Equipment & Installations”* on 25th March 2025. Around 150 students and faculty members of various colleges are present for this seminar.

The seminar was inaugurated by Shri. Hemant B. Ade, Scientist-E & Head of the Bureau of Indian Standards, Nagpur Branch Office as the chief guest. He emphasized the importance of adhering to Indian Standards in the electrical sector to ensure safety, quality, and innovation.

Dr. Rajendra Kumar Pillewar, Assistant Vice President of Production at Lokmat Group, Nagpur, was the keynote speaker for the seminar. His address focused on the practical implications of implementing these standards in industry and the benefits they bring to both safety and efficiency.

Expert speakers for the event included:

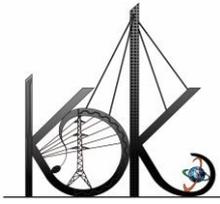

- Mrs. S. P. Urewar, Assistant Engineer, Electrical Inspection Office
- Mrs. Aparna Hinge, Assistant Engineer, Electrical Inspection Office
- Shri. Vinay Vasant Nagdeo, Retired Superintending Engineer, Industry Energy and Labour Department, Nagpur

The seminar also witnessed the presence of the esteemed Principal of KDKCE, Dr. V. P. Varghese, Vice-Principal Dr. A. M. Badar, and the Head of the Department and Professor, Dr. (Mrs.) S. S. Ambekar.

The vote of thanks was proposed by Mr. C. J. Sharma, and the seminar was coordinated by Mr. S. K. Mude.

The event concluded with an engaging quiz session where participants tested their knowledge on the topics discussed. Winners of the quiz were awarded cash prizes and certificates.

The seminar's success was the result of the hard work and dedication of the organizing team, including Dr. G. H. Agrawal, Dr. D. M. Hole, Dr. C. S. Hiwarkar, Mr. A. M. Halmare, Mrs. V. B. Hardas, Mr. K. M. Dhenge, Mr. S. D. Bhisare, and Mrs. S. Hokam, whose collective efforts ensured the smooth execution of the event.

### Seminar on Indian Standards for electrical equipment held

Students and dignitaries during the event.

**Nagpur:** The department of electrical engineering at KDK College of Engineering (KDKCE), Nagpur, in collaboration with the Bureau of Indian Standards (BIS), successfully organised a seminar on the "Importance and Implementation of Indian Standards for Electrical Equipment & Installations."

Chief guest Hemant B Ade, scientist-E & head, BIS Nagpur, emphasised the need for adherence to Indian Standards for safety and innovation. Dr Rajendra Kumar Pillewar, assistant vice-president, Lokmat Group, delivered the keynote address, highlighting industry applications of these standards.

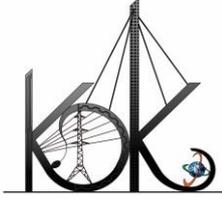

Expert speakers included SP Urewar, Aparna Hinge, and Vinay Vasant Nagdeo. The event was graced by Dr VP Varghese, principal, KDKCE, and faculty members. A quiz session engaged participants, with winners receiving cash prizes and certificates. Coordinated by SK Mude, the seminar successfully provided insights into the role of standards in electrical engineering.

### Session 2024-2025

**Course Duration:** One Months (15 Jan to 3 March 2025)

**Venue :** Computer Lab, Department of Civil Engineering ,KDKCE, Nagpur

**Introduction:** The Value Added course cum Training Program of Professional drafting Using Autocad Software for 2<sup>nd</sup> year students was organized by the Department of Civil Engineering of K.D.K.College Of Engineering, in collaboration with CADD Center Dharampeth, Nagpur. Prof.Dr.Balbir Singh was the coordinator for this training program under the guidance of Dr. Swapneel Satone (Head Of Department).

The aimed of Value-added course to provide participants with a comprehensive understanding of the AutoCAD software and its importance in drafting of different structures and its components that are use in Civil Engineering. The resource person for the event was Ms. Samiksha Saoji (BE) & Mrs. Pranav Gedam (BE) who conducted the training program, covering both theoretical and practical aspects of AutoCAD 2D & 3D implementation in Civil Engineering.

### Course Objectives:

The primary objective of this courseware is to teach students the basic commands necessary for professional 2D drawing, design and drafting using AutoCAD This includes:

Navigating the AutoCAD user interface

- Using the fundamental features of AutoCAD e Using precision drafting tools in AutoCAD to develop accurate technical drawings.
- Presenting drawings in a detailed and visually impressive manner

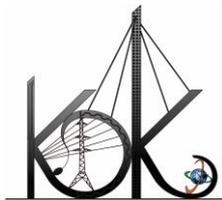

### Intended Outcomes for the Course

Upon Completion of the course students will be able to:

- Utilize the power and precision of AutoCAD as a drafting and design tool used in the building design and Construction industries.
- Apply basic CAD concepts to develop and construct accurate 2D geometry through creation of basic geometric constructions.

*Balbir Singh*  
Department of Civil Engineering

Nagpur - 24

*"Service to the Society through Quality Technical Education"*

## **KDK College of Engineering, Nagpur**

**(Accredited by NAAC & NBA-CE,EE,ME,ETC,CSE)**

*Approved by AICTE, Recognized by UGC under Section 2(f) of the UGC Act, 1956*

*Affiliated to Rashtrasant Tukadoji Maharaj Nagpur University*

- Create, manipulate and edit 2D drawings and figures.
- Apply elements of civil drafting such as layers, dimensions, drawing formats and 2D figures in projects with a focus on AEC industry standards.

### **Course Activities and Design**

Instructor activities:

- Provide Lecture using AutoCAD software, demonstrating commands via user interface and typed commands. Use examples and projects seen in the CAD and drafting industry.
- Demonstrate AutoCAD commands and workflow through lecture and videos.
- Show industry standard procedures to solve various drafting and CAD related industry problems.
- Oversee open lab time to assist students in assigned projects. Use question and reinforce lecture material for guiding students to complete projects.
- Coach students to instill confidence and develop the ability for self-teaching.

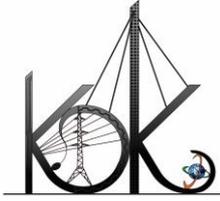

### **Value Added course on AutoCAD 2D & 3D Highlights:**

The software course training was divided into multiple sessions covering various aspects of AutoCAD 2D & 3D software. The following topics were covered during the course:

1. Introduction to Different Drawings types use in Construction Industry.
2. Introduction to AutoCAD
3. User Interface of AutoCAD 2D
4. Creation of 2D geometries using draw & modify tool of AutoCAD 2D
5. Creation of Building floor plan using AutoCAD commands.
6. Creation of Elevation and building section using commands.
7. Creation of Table using AutoCAD commands as well as importing excel table into AutoCAD.
8. Sheet Creation using CAD.
9. Introduction to AutoCAD 3D
10. User interface of AutoCAD 3D
11. Creation of different 3D Objects like Door, Window, Furniture etc using AutoCAD 3D.
12. Application of Material texture to objects.
13. Creation of environment exposure

*Approved by AICTE, Recognized by UGC under Section 2(f) of the UGC Act, 1956*

*Affiliated to Rashtrasant Tukadoji Maharaj Nagpur University*

14. Creation of different scenes of 3D objects using Camera

15. Rendering of 3D object into AutoCAD

Demonstration of AutoCAD commands by Instructor

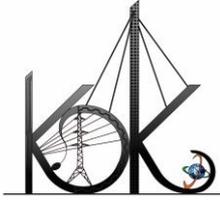

### **Outcome Assessment Strategies**

1. Complete assignments, projects, test or quiz problems and class activities which apply real-life situations to computer aided design and drafting scenarios encountered in industry using AutoCAD.
2. Complete activities, assignments and exam, which show an understanding of AutoCAD projects and design problems related to computer aided design and drafting profession.
3. Participate in and contribute to class discussions, activities and projects

Assessment must include evaluation of the student's ability to arrive at correct drawings or designs using proper procedures and notation with AutoCAD for making 2D drawings.

## CADD Centre Dharampeth

Subject: Proposal for AutoCAD Training Partnership

Dear Sir,

I hope this letter finds you well. I am writing to propose a mutually beneficial collaboration between CADD Centre Dharampeth and your esteemed college for the provision of AutoCAD training on your campus. We have carefully assessed the educational needs of your institution and are confident that our expertise in AutoCAD training can significantly contribute to the skill development of your students.

Overview of CADD Centre Dharampeth .

CADD Centre is a reputable firm specializing in BIM services and training with a team of highly skilled professionals and a proven track record in providing quality training, we are dedicated to empowering the next generation of engineers with practical skills that are essential in today's competitive job market.

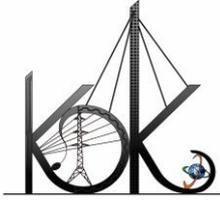

Proposal Details:

1. AutoCAD Training Program: We propose to conduct an AutoCAD training program at your college for civil engineering students. Our curriculum is designed to cover essential AutoCAD skills, including practice projects. The program will be structured to accommodate different skill levels.
2. Instructors: Our experienced instructors, who are experts in AutoCAD, will lead the training sessions. They will provide hands-on guidance, practical insights, and real-world applications to ensure that students not only understand the software but can also apply it effectively in their future careers.
3. Duration and Schedule: We recommend a 1 month program, with 25 modules of training. The schedule can be tailored to fit the academic calendar of the college and the availability of students.
4. Cost Proposal: Recognizing the importance of cost-effectiveness, we are pleased to offer our training program at a significantly lower cost than the market rates. We are proposing a fee of -
  - a. 2000 INR per student considering a batch of 25 students.

Address:  
CADD Centre

## **KDK College of Engineering, Nagpur**

(Accredited by NAAC & NBA-CE,EE,ME,ETC,CSE)

Approved by AICTE, Recognized by UGC under Section 2(f) of the UGC Act, 1956

Affiliated to Rashtrasant Tukadoji Maharaj Nagpur University

5. Infrastructure Requirements: We will work closely with the college to identify and arrange for any necessary infrastructure requirements, such as computer labs, projectors, and software installations.

6. Certification: Upon completion of the program, participants will receive a certificate from Cadd Centre Dharampeth, validating their proficiency in AutoCAD. This certification will enhance their resumes and increase their employability in the engineering industry.

#### **Benefits for Students:**

- **Enhanced Curriculum:** Integrating AutoCAD training into the curriculum will enrich the educational experience of your students and provide them with practical skills that are highly valued in the industry.
- **Competitive Edge:** Graduates with AutoCAD proficiency will have a competitive edge in the job market, making them more attractive to potential employers.

We would be delighted to discuss this proposal further at your convenience. Please let us know a suitable time for a meeting or if you require any additional information. We are excited about the prospect of contributing to the success and look forward to the possibility of working together.

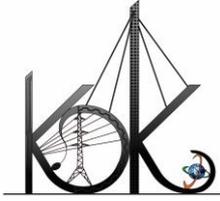

Thank you for considering our proposal. We appreciate the opportunity to collaborate with your esteemed college.

Sincerely,

*Bellu*  
Asst. Professor  
Department of Civil Engineering  
K. D. K. College of Engineering  
Nagpur - 24

## K. D. K COLLEGE OF ENGINEERING

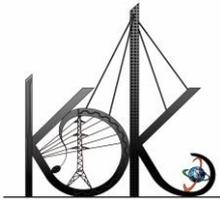

(NBA & NAAC Accredited)

### AutoCAD Syllabus :-

S.No		Session		Essential in AutoCAD (40 Hours)		CADD CENTRE	
				Type	Duration (min)		
1	Session 1	Fundamentals of engineering drawing		Theory / Demo	120		
		Introduction to drawing & drafting					
		Types of drawing in engineering drawing					
		Steps to prepare technical drawings					
		Understanding Projections & Quadrants					
		Introduction to AutoCAD: GUI					
		Tool Set					
		File Management					
		Navigation: Zoom, Pan					
2	Session 2	Basic Drawing Techniques		Theory / Demo	120		
		Standards: Units, Limits					
		Drafting settings: Snap, Grid, Polar tracking, Dynamic input					
		Basic Drawing tools: Line, Circle Arc, Ellipse, Donut, Polygon, Rectangle, Point					
		Basic Editing tools: Object Selection Techniques, Erase, Undo, Redo, Explode					
3	Session 3	Practice examples demonstrated by the instructor during the theory section.		Practice	120		
		Hands-on exercise from your reference guide as guided by the instructor					
4	Session 4	Basic Modify Techniques		Theory / Demo	120		
		Move, Copy, Rotate, Offset, Mirror, Array, Scale, Stretch, Trim, Extend, Break, Join, Fillet, Chamfer.					
5	Session 5	Practice examples demonstrated by the instructor during the theory section.		Practice	120		
		Hands-on exercise from your reference guide as guided by the instructor					
6	Session 6	Setting Properties		Theory / Demo	120		
		Object Properties: Lineweight, Linetype, Color, Match Properties					
		Leader: Introduction, Leader, Q Leader, MLeader, Leader Style Manager					
		Lettering: Guidelines, Text, MText, Text style, Lineweight & Style, Table, Table style, DIM reassociate, DIM jogline & Update					
7	Session 7	Practice examples demonstrated by the instructor during the theory section.		Practice	120		
		Hands-on exercise from your reference guide as guided by the instructor

### ABSTRACT

Wireless Sensor Networks (WSNs) are extensively utilized in various real-time control and monitoring applications. WSNs have been expanded considering the necessities in industrial time-bounded applications to support the dependable and time-bound delivery of data. Recently, Machine Learning (ML) algorithms have been used to address various WSN-related issues. The use of ML techniques supports dynamically modifying MAC settings based on traffic patterns and network conditions. In WSNs to control the communication between a large numbers of tiny, low-power sensor nodes while preserving energy and reducing latency, effective MAC protocols are essential. This paper addresses the ML centered priority-based self-organized MAC (ML-MAC) protocol to provide a priority-based transmission system to ensure the timely delivery of critical data packets. In this research, depending upon the predictions of the ML model, the MAC parameters are dynamically adjusted to find priority-based channel access and the optimal routing path to meet the deadline of critical data packets. From the result analysis, the average throughput and delay of the proposed ML-MAC algorithm outperforms the existing I-MAC protocol.

**Keywords**-adaptive learning; MAC; ML; real-time; priority; WSNs

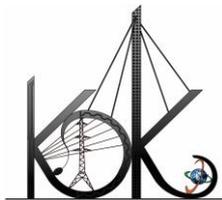

### I. INTRODUCTION

A Wireless Sensor Network (WSN) accommodatingly observes the physical or environmental conditions. Initially, WSNs were mostly planned for applications like military area observation and environmental and industrial control and monitoring. In these applications, increasing the energy efficiency and network lifetime were the primary design objectives. Providing the best-effort data transmission with improved network lifetime is critical in such situations. Currently, WSNs are used in various real-time control and monitoring applications, like object tracking, environmental monitoring, home monitoring, localization, personal health monitoring, industrial control and monitoring, etc. [1-3]. WSNs offer several applications that contribute to a smart, economical, and comfortable lifestyle. In [2], current research methodologies and key aspects of real-time communications in wireless sensor networks are discussed. Some of the most

important problems with WSNs from applications to technological difficulties are covered in [3]. In order to accomplish continuous logistics optimization, decision-making is based on the information processing and communication capabilities offered by a sensor network [4]. Most of the applications stated above require minimum end-to-end delay with reduced packet losses while data transmissions. These rising applications are revealed by requirements concerning Quality of Service (QoS) fulfillment such as time-bound and reliable data transmission based on the criticality of data packets [5]. Every application has unique QoS needs. Additionally, information may seek different QoS processing (e.g. alarm messages vs. normal monitoring messages etc.) depending on the application. However, ensuring QoS in WSN-based applications continues to be a difficult challenge due to the unreliability of the wireless medium and the hardware restrictions of devices [6]. Recent advancements demonstrate their effective application in QoS providing. In time-critical

### Abstract

The manufacturing industry is growing quickly, which has led to an investigation into the possibilities of Internet of Things and wireless sensor networks, which will increase production efficiency. Since the Industrial Revolution, the manufacturing sector has played a significant role in both company and national economies. One of the most important issues in the current era of Industrial Revolution 4.0 is cyber-integrated manufacturing. IoT-enabled smart manufacturing enables an interactive relationship between smart machines to exchange data and information, which is essential for complex systems to make decisions about the working environment in real time. Increasing resource and energy efficiency is the most crucial step towards achieving manufacturing sustainability on a daily basis. Business organizations nowadays face several challenges as a result of fast technology innovation and intense global rivalry. To overcome these issues and advance sustainable growth, they must innovate their procedures and goods. IoT was adopted by industries in a number of areas, from raw material purchases to customer support and service. The Industrial Revolution 4.0 is thought to have heavily relied on the Internet of Things, which presents a potential opportunity to develop manufacturing-related services and applications. Furthermore, it facilitates the interactive exchange of data and information amongst smart devices, which is necessary for complex systems to make decisions about their real-time working environments.

**Major Findings:** IoT is a cutting-edge technology that greatly enhances the manufacturing industry. It enabled smart manufacturing which promotes an interactive relationship between smart machines to exchange data and information, allowing complex systems to make judgments about the real-time working environment.

**Keywords:** Automation, Fourth Industrial Revolution, Internet of Things, Smart Manufacturing

### Abstract

Wireless sensor networks (WSNs) are gaining attention in modern technology, and are valued for their affordability and versatility. However, energy efficiency is a still major challenge, especially since sensor nodes are often deployed in remote areas where replacing or recharging batteries is difficult. While clustering algorithms and cluster head (CH) selection methods have been recognized as key strategies for extending network lifetime, existing studies often lack a comprehensive evaluation of hybrid CH selection techniques. This paper addresses these gaps by presenting a detailed analysis of clustering algorithms aimed at optimizing energy consumption in WSNs and evaluating various hybrid CH selection procedures. A key contribution of this work is the development of a framework that compares these methods across multiple performance metrics, including Packet Delivery Ratio (PDR), energy consumption, delay, network lifetime, and routing efficiency, using robust simulation tools. The findings demonstrate that hybrid CH selection techniques can significantly enhance energy efficiency while maintaining or improving network performance. By providing a thorough quantitative analysis and actionable insights, this research advances the state of the art in WSN energy management and offers practical implications for designing more sustainable and efficient sensor networks. The proposed methodologies and findings can serve as a foundation for future studies and real-world deployments, addressing critical challenges in resource-constrained environments.

### 1 Introduction

Wireless Sensor Networks (WSNs) have emerged as a pivotal technology in modern applications due to their affordability, versatility, and ability to operate in remote and inaccessible areas. These networks consist of multiple specialized sensor nodes that monitor and record environmental parameters such as temperature, sound, pollution, and wind. Despite their numerous advantages, WSNs face significant challenges, particularly in terms of energy efficiency. Sensor nodes are often deployed in locations where replacing or recharging batteries is impractical, making energy conservation a critical concern [1–2]. One of the key strategies to enhance the energy efficiency of WSNs is the optimal selection of cluster heads (CHs). Cluster heads play a crucial role in data aggregation and communication, significantly impacting the network's overall energy consumption and lifespan. However, existing CH selection methods often lack a comprehensive evaluation of hybrid techniques that can optimize energy consumption while maintaining

**Abstract**— The goal of this proposed work is to make wireless communication systems more secure by developing a cryptographic key exchange protocol that uses a synchronisation technique based on soft computing to generate the same session key at the sender and receiver, rather than exchanging the whole key. In this case, the partners gain by interacting with each other, making it almost impossible for a passive attacker to figure out the produced key in time. With the use of a synchronised session key on both ends, this synchronised network may encrypt the plaintext using any lightweight encryption/decryption mechanism, allowing for message exchange. Another option is to use grouped synchronisation, which would involve bringing together many parties to create a synchronised grouped session key. To demonstrate the cryptographic technology, this study uses a lightweight soft computing based message encryption method as an example. Before being sent to the recipient, encrypted content undergoes additional encryption using a synchronised session key. When decrypting, the receiver keeps the same synchronised session key as when doing the first set of operations; the results of this are then processed using the message decryption approach, which is the exact opposite of message encryption; and finally, the plaintext is created. In order to guarantee the highest degree of security, the suggested model may include additional dimensions. It is pointless to compromise security for the sake of speed on lightweight devices with poor processing capabilities or restricted computing capacity in wireless communication, and the paradigm works well for system security when unified computing is a crucial component.

**Keywords:** Wireless Communication System , Cryptographic Key, Light Weight, Soft Computing, Synchronized, Network

### I. INTRODUCTION

These days, cryptography is more of a cross between electrical engineering, mathematics, and computer science. Electronic wallets, computer passwords, and automated teller machines are all examples of cryptography's practical uses.

Cryptography nowadays takes a more scientific approach, with algorithms built around the idea of computational hardness to make them difficult for an adversary to crack. While theoretically conceivable, any practical way of breaking such a system would be impractical. Consequently, these plans are safe from a computational standpoint. There are computationally secure techniques that are theoretically breakable; yet, there are more difficult to implement secure systems that are provably unbreakable, such as the one-time pad.[1] Cryptography has historically been used primarily for encryption, the transformation of plaintext into ciphertext, a procedure that renders the original data incomprehensible.[2] in Moving from the indecipherable cipher text to the plaintext is what decryption is all about. Encryption and decryption are two sides of the same coin that make up a cipher[3]. Cryptanalysis relies on an algorithm and, in each case, a key to govern its detailed functioning. This is a context-dependent secret parameter that should be known only by the parties involved in the communication. Each key in a "cryptosystem" corresponds to a technique for encrypting and decrypting data, and there are only a limited number of plaintexts, cipher texts, keys, and items in the ordered list. For most uses, keys are crucial since ciphers without them are worthless or even counterproductive because they may be easily cracked given knowledge of the cipher itself [4]. In the past, authentication and integrity checks were not often implemented when using ciphers for encryption and decryption. The term "encryption" refers to the process of encrypting data or communications in a manner that only authorised individuals can decipher.[5] While encryption cannot guarantee that a communication will not be intercepted, it does prevent the interceptor from seeing the message's content.[6] By applying an encryption method to the message or information (also called "plaintext"), an encryption technique creates "cipher text" that can only be deciphered.[7] In symmetric key cryptography, both the encryption and decryption processes use the same key. A problem with key distribution or exchange has been identified in this system. This is known as symmetric key

## Internship Offer Letter

28<sup>th</sup> Jan 2025

AAKASH REWATKAR,

With reference to your application, we are pleased to offer you an internship with **Corizo EdTech**.

We take this opportunity to wish you the very best in your new employment as well as advise you that our offer letter is on the following terms and conditions:

1. **Period of Service:** (2) Months of your employment will be probationary.

You shall, for the purpose of your employment with us, sign this offer letter for submission and approval of the management.

2. **Designation:** You shall be employed in **Web Development**.

**Internship Start Date: 05/02/2025**

**Internship End Date: 05/04/2025**

Your responsibilities will include those for which you are engaged, as well as any other duties given to you by your mentor from time to time. By accepting this offer you agree to perform all responsibilities assigned to you with due care and diligence and in compliance with the management norms and clauses.

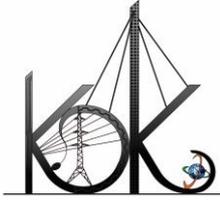

By accepting this offer letter of Employment, you acknowledge that you will keep all this information strictly confidential and refrain from using it for your own purposes, that is, disclosing it to anyone outside of the company.

By accepting this offer letter, you agree that throughout your internship, you will observe all policies and practices governing the conduct of our business and employees. This letter sets forth the complete offer we are extending to you and supersedes and replaces any prior inconsistent statements or discussions. **Official communication either within the company or outside the company should be through the official Email of HR or support only.**

Respected Sir,

Greetings from Affordable AI.

We are pleased to acknowledge your request regarding the internship programme for the **Ayush Narad & Harsh Wanwe**. We appreciate your efforts in ensuring practical exposure for students as a part of their academic curriculum.

We would be happy to provide the requested internship programme opportunity to the student of your institution. We assure you that we will guide them during their training period and provide them with meaningful insights into our industry practices.

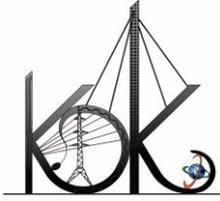

We look forward to contributing to the professional growth of your students and fostering a productive collaboration with your esteemed institution.

## Internship Offer Letter

Date- 3/1/2025

Ref: N/T80056

**Prajwal Dnyaneshwar Sathwane**  
prajwalsathawane2003@gmail.com

Dear Prajwal Dnyaneshwar Sathwane

We are pleased to offer you **Mr. Prajwal Dnyaneshwar Sathwane**, a student of Karmavir Dadasaheb Kannamwar an internship at NovaByte Technology as **Web Development**. This is an educational internship. Our goal is for you to learn more about Software Development. As we discussed, your internship is expected to last from **20 Jan 2025 to 20 April 2025**. However, at the sole discretion of the Company, the duration of the internship may be extended or shortened with or without advance notice.

As an intern, you will not be a Company employee. Therefore, you will not receive a salary, wages, or other compensation. In addition, you will not be eligible for any benefits that the company offers its employees. You understand that participation in the internship program is not an offer of employment, and successful completion of the internship does not entitle you to employment with the company.

The detailed terms and conditions of your internship are incorporated under Schedule A, which can be amended with due notice. Kindly login and accept this letter along with the accepting terms of conditions given in Schedule A, to indicate your acceptance, within 2 days from the receipt of this letter.

We look forward to welcoming you and wish you a successful and rewarding career with us.

with regards,

### Subject: Offer of Internship with Param Technologies

Dear Mr. Vedant Shobhane

We are pleased to inform you that following your interview and subsequent discussions, you have been selected to join our team as an **Intern Programmer** for the period of **six months**. This internship will involve working on our client's project, and you are expected to commence your internship with us from **5<sup>th</sup> Dec. 2024**.

#### Internship Overview:

During this period, we expect you to demonstrate your skills and contribute effectively to the work assigned. Your performance will be evaluated based on various criteria, including:

- Quality, Efficiency, and Attention to Detail
- Punctuality and Professional Behavior
- Team Collaboration and Communication

Additionally, we aim to provide you with valuable learning experiences, which will include exposure to different phases of the project lifecycle, database design, the relationship between frontend and backend development, form design, and project presentation.

#### Terms and Conditions:

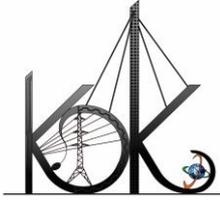

1. **Diligence and Responsibility:** You are expected to perform all tasks assigned to you with the highest standards of, integrity, and responsibility, ensuring that your work meets the satisfaction of the management.
2. **Honesty and Confidentiality:** You must handle the company's computers, documents, and any confidential information with the utmost care and honesty. Any involvement in activities that breach the company's trust, including dishonesty or misconduct, will result in immediate termination of the internship without notice.
3. **Professional Conduct:** You are required to maintain a high level of professionalism in your behavior, work ethics, and interaction with the team.

We are excited to welcome you to our team and look forward to the contributions you will make during your internship. Once again, congratulations on your selection.

We look forward to a productive and rewarding experience together.

**Subject: Winter Internship Programme.**

Respected Sir,  
We, at K. D. K. College of Engineering are pleased to introduce ourselves as one of the leading Engineering College in Central India offering Bachelor Degree in Engineering (B.Tech.), BCA, MCA, M.Tech. & MBA affiliated to R. T. M. Nagpur University. Our students are given the latest knowledge in the technological & Management fields. To make them technologically sound practical industrial training is required which is also an essential part of the curriculum.  
We therefore request you to permit the following student of our College to undergo Industrial Training in your esteemed organization. The students will follow all rules & regulations of your organization and take training seriously. Students are permitted to undergo industrial internship as a part of curriculum after end semester exam or after college hours.  
If any loss or damage occurs accidentally to them during travel or in your industry, then the students will be completely responsible for the same. The students have agreed to abide by the rules and regulations of your prestigious industry.
