- C. Incubation & Pre-Incubation Support Facility Creation and Access
- D. IP Ownership Rights for Technologies Developed at Higher Educational Institutions.
- E. Pedagogy and Learning Interventions for Entrepreneurship Development
- F. Entrepreneurial Performance Impact Assessment

### **Processes and Mechanisms:**

#### **Incubation support**

- Setting up a start-up and allowing students, faculty, and research staff to work part-time for the start-ups while studying/working.
- Creating facilities within the institution for supporting pre-incubation (e.g. IICs as per the guidelines by MHRD's Innovation Cell, EDC, IEDC, New-Gen IEDC, Innovation Cell, Start-up Cell, Student Clubs, etc.) and Incubation/ acceleration by mobilizing resources from internal and external sources.
- Provide business incubation facilities:
  - Premises at subsidized cost.
  - Laboratories,
  - Research facilities,
  - IT services,
  - Training and Mentoring Services, etc.
  - Licensing of IPR from institute to start up

#### **Student support**

- Induction program about the importance of I&E to be conducted the first year students. So that freshly inducted students are made aware about the entrepreneurial agenda of the institute and available support systems
- Supporting the students in terms of providing address for their Incubation cell, Semester break, attendance and accommodation.
- Student clubs/ bodies/ departments must be created for organizing competitions, boot camps, workshops, awards, etc.
- 'Innovation & Entrepreneurship Award' to recognize outstanding ideas, successful enterprises and contributors:
- Innovation champions would be nominated within the students/ faculty/ staff for each department/ stream of study

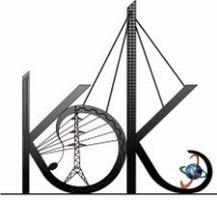

#### **Faculty Support**

- Institute would recruit staff that has strong innovation and entrepreneurial/ industrial experience, behavior, and attitude. This will help in fostering an Innovation and Entrepreneurship culture.
- Faculty and departments of the institutes have to work in coherence and cross-departmental linkages
- Faculty and staff should be encouraged to do courses on innovation, entrepreneurship management, and venture development.
- Guest Lectures by Subject Matter Experts (SME)

### Networking or Collaborating Support:

- Institute may also link the start-ups to other seed-fund providers'/ angel funds/ venture funds or itself may set up seed-fund once the incubation activities mature.
- Providing support to students who show potential, in the pre-start-up phase to link their start-ups and companies with a wider entrepreneurial ecosystem
- Networking events to be organized to create a platform for budding entrepreneurs to meet investors and pitch their ideas.
- Establishing a Start-up and Entrepreneur ecosystem with Collaboration, Co-creation, Business Relationships, and Knowledge Exchange.

### NISP Implementation Committee:

A committee has been formed by identifying the experts having expertise and experience in the domain of innovation, IPR, and start-up to start the work of policy formation and implementation of guidelines at the institute.

To,  
The Incubation Centre In-Charge KDK College  
of Engg. Nagpur.

Subject ( Request for inclusion of LED lights  
design and manufacturing business idea in  
incubation center.)

Respected Sir,

I the under sign. Kunal Bobale.  
studying in final year electronics Engineering  
writing this application to express my  
interest in having my business idea considered  
for inclusion in the incubation center,

I am very much confident  
that with the resources and support provided  
by the centre. this project has a potential to  
make a profitable business model that impact on  
lighting industry.

Thankyou for considering my request. I am looking  
forward to the possibility of contributing  
to the success of the center.

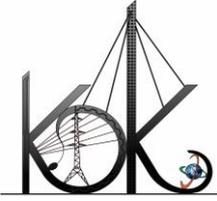

Copy of Project Report  
is attached with it.

C) Educational Qualifications: BE (electronics)  
D) Postal Address: Vaishali nagar. (440017)  
E) Telephone/ Mobile: 7038983288  
F) Fax:  
G) Email: kunalbktd231@gmail.com  
H) Website (if any): Customercore.mkled.com.  
I) Current professional/employment Status: Businessman.

### 2. Company Information

- A) Have you registered a company, give details (MK LED.) Lighting industry.  
B) Name of applicant company/firm MK LED  
C) Location from which company is operating Vaishali Nagar / Bhilgaon near  
D) Relationship with the Business Incubator/ Host Institute Student Pili nadi square.  
E) Company sector (Manufacturing/ Service) manufacturing + services.  
F) Investment in plant and machinery (For Rs. 50000 Lakhs  
Manufacturing sector)/ Investment in  
Equipment (For service sector)  
G) Company Type: Definitions are given in [micro](http://www.domsmc.gov.in/ssindia/defination_msme.htm)

A6) What is already available in market? *different types (Led bulb /panels / Flood)*  
What is the market potential?  
What value it would add in market

### B. Current Development status of innovation

B1) What is the current development status of the innovation /product or service offering? (Whether still an idea or ready to launch)

*The current status of project is concept level.*

B2) Idea readiness level

(As per [http://en.wikipedia.org/wiki/Technology\\_Readiness\\_Level](http://en.wikipedia.org/wiki/Technology_Readiness_Level))

B3) Specify the time period in months required for innovation to be completely developed for field testing/ ready for intended end user?

*18 / 24 months.*

### C. Financial requirements

C1) Do you have a business plan for taking Innovation from lab to market? *yes.*  
(attach business plan in your own format)

C2) What level of funding is required for making Innovation market ready? *Rs. 5 Lakh*

*Requested under the MoMSME Scheme.*

C3) Please give activity wise break-up (Activities include design/prototype Development /lab/bench scale production/ Professional services/hiring staff/trials/test Marketing/miscellaneous) (use annexure if Space is not sufficient)

*PCB design + mepcb design  
Component mounted in  
one side + Add All components  
to make single led product.*

### 4. Other Related Information

A) Are there any term members/partner and Mentors/guides in your innovative project. If So give name and complete contact address With phone and e-mail

*yes we have supporting partner (Ashwin dhaule)  
(8928685263)*

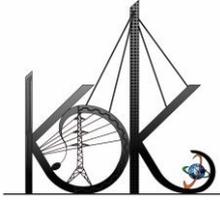

B) Information on patents filed/granted (if any) *(No)*

C) Any awards or recognition related to the innovation. *(No)*

D) Please include any further information that You wish to communicate to us to help us in Judging your application.

## **Services**

### **Business Plan**

## **1. EXECUTIVE SUMMARY**

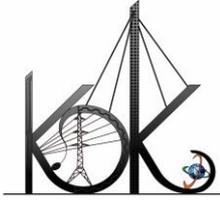

- **Opportunity:** In this space have a lot of opportunities because this is the unorganized sector. The key problem in this sector is no professional cleaning and time management issues. Customers want to go outside to clean their cars & bikes, but people do not come. The customer's carwash ticket size is big, but they do not give that much professional cleaning of the car not using tools and chemicals to wash the car they want this type of professional cleaning they want to go outside of their home and the ticket size of the car washing is increase and inconvenience, petrol charges, time waste, etc.
- **Mission:** People want their cars & bikes clean and shiny. Our company provides this service at affordable prices on their doorstep without customer inconvenience and time waste. We provide professional cleaning services at the rate of regular unprofessional cleaning of unorganized people. we provide all car & bike care services at one mobile app.
- **Solution:** People want their car & bike washed on time, Professional Cleaning, bills, and an organized company to trust.

1. On-demand washing
2. Subscription washing plan (daily, weekly, monthly, alternate day)
3. Car detailing work
4. Car Accessories
5. Car Towing

We will create an Autowasche app to solve this problem. We provide all these services through this application.

6. **Market focus:** We are focusing on an On-demand washing & subscription washing plan (daily, weekly, monthly, and alternate day) this service is needed for every car owner. We are focusing on the new car owners who bought cars recently. They are more conscious of car cleanliness. Working professionals, business owners, apartments etc.

#### **Business Plan**

- **Competitive advantage: 1. On-time service 2. Professional cleaning 3. Organized 4. Trust factor 5. Affordability 6. Convenience**
- **Ownership: I want to start solo FURTHER PARTNERSHIP FOR CTO**
- **Expected returns: If we start all over Nagpur, we need more funding and resources.**

**This is a one-time investment And profit margins are 30% the returns on investment start from 1<sup>st</sup> year because to settle down a known company it takes time.**

**This service depends on the customer's income in Covid the drastic decline is observed. All over it is the streamlined business-like laminar flow. The demand for cars is increasing in the Indian market due to the no. of car owners increasing. demand for this service is increasing. ## 4. MARKET ANALYSIS

- **Industry type:** This is the service industry where the market all time stable demand is stable because people have to go their work outside the home for holiday enjoyment etc. vehicles get dirty from inside and outside. They don't have time to clean their vehicles because they are stressed from the mind and they don't want to clean but parallely they also want a clean car. I fulfilling this demand by organized way through the help of technology. We are service providers to the customers.

- **Market segmentation:** we are targeting new car owners, professionals and well occupied space where already have many players by the providing timely service and professional service with affordable ticket size we want to capture this market space and it have lots of opportunity. Cars owners are increasing car sells are increasing this substitute service sector also increasing. We will want to capture this space by software support also the good customer service. We want to see this startup as the pan india player to capture this market. Being a billion dollar company all the car care is available on one place.

- **Competition:** we have three types of competitor 1<sup>st</sup> is the fully organized company like hoora technology 2<sup>nd</sup> is the semi organized car washing company 3<sup>rd</sup> is the local player where individual man washing cars in their local area.

Fully organized competitor have fully equipped technology they have applications for customers & many service centers around the cities we are compete with these fully organized players.when we surpass all things above this competitor this semi and local player would be not a simple challenge so we have stronger competition.

A6) What is already available in market? What is the market potential? . What value it would add in market

ELECTRIC STOPPER IS AVAILABLE IN MARKET. NEARLY 55-60 PRESSING M/C AVAILABLE IN INDIA. HENCE, IT WILL ADD AROUND 20 LAKHS IN MARKET.

## B. Current Development Status of innovation

B1) What is the current development status of the innovation / product or service offerings? (Whether still an idea or ready to launch).

READY TO LAUNCH

B2) Idea readiness level

AS SOON AS PROJECT PROPOSAL IS APPROVED, WE CAN LAUNCH PROD.

(as per [http://en.wikipedia.org/wiki/Technology\\_Readiness\\_Level](http://en.wikipedia.org/wiki/Technology_Readiness_Level))

B3) Specify the time period in months required for innovation to be completely developed for field testing / ready for intended end-user?

3-4 MONTHS.

## C. Financial requirements

C1) Do you have a business plan for taking innovation from lab to market?

YES

(attach business plan in your own format)

C2) What level of funding is required for making innovation market ready?

Rs 7 LAKH  
Requested under the MoMSME scheme

C3) Please give activity wise break-up (Activities include design/prototype development/lab/bench scale production /professional services/hiring staff/ trials/test marketing/ miscellaneous)(use annexure if space is not sufficient)

REFER ANNEXURE-I

## 4. Other Related Information

A) Are there any team members/partner and mentors/guides in your innovative project. If so give name and complete contact address with phone and e-mail)

MR. AMDL GHORMADE

B) Information on Patents filed/granted (if any)

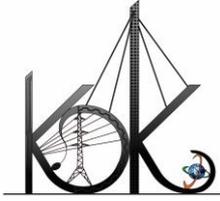

NA

C) Any awards or recognition related to the innovation

NA

D) Please include any further information that you wish to communicate to us to help us in judging your application

## **ANNEXURE I**

### **Design and Prototype Development :**

Since we have experience in Manufacturing and development of hydraulic unit for various applications in different industry hence design and prototype for hydraulic unit as a stopper for Punching press machine will be made after approval of our project report.

### **Laboratory Test / Professional services :**

We will do laboratory test of raw material / take professional services as and when required during development of hydraulic unit.

### **Bench Scale production : NA**

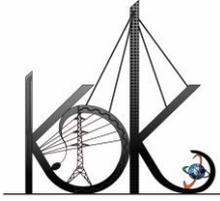

**Hiring Staff :** We need one operator cum technician for development of hydraulic unit as a stopper for Punching press machine.

### **Trials and testing :**

We will carry out trials and testing of hydraulic unit in unloading condition first to check all parameters such as pressure, flow, Coil voltage, logic etc. for better performance of hydraulic unit.

### **Marketing :**

We will do the marketing of this hydraulic unit after successful trials and testing of the same and will do more such jobs in similar type of machines.

### **ANNEXURE II**

#### **Use of Hydraulic Unit for stopper in Punching Press machine**

##### **Existing Machine Details :**

In Punching Press whose snaps are given below, magnetic field based electric actuator use for controlling motion of Punching wheel. In this machine, electric actuator having a lever is connected to punching wheel through linkage and internal gear arrangement. By giving DC supply to electric actuator which actuate it's lever around 50 mm which is connected to linkage of punching wheel to give start and stop command for Punching wheel.

##### **Problems Occurred :**

- i) Regular failure of an electric actuator leads to development of an alternate arrangement for the same.
- ii) Delivery of an electric actuator is near about 2-3 months from OEM.
- iii) Cost of electric actuator is quite more as compare to other competitive products of same specifications.

##### **Scope of Development :**

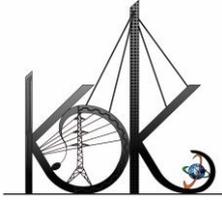

We are going to use Hydraulic cylinder in place of electric actuator to control movement of linkage connected to Punching wheel. We need small size hydraulic power pack to control forward and reverse motion of hydraulic cylinder. Hydraulic power pack will be built with the use of Direction control, Pressure control and flow control valves powered by local control panel.

##### **Advantages of Hydraulic Unit :**

- i) Heavy Duty, Easy repairable, availability of spares and low cost arrangement as compare to existing one.

##### **Market Potential :**

Development of hydraulic unit for stopper in Punching press machine will give an opportunity to do more jobs in similar type of machines all over India. Such type of developments has an enormous potential in market to reduce dependency at OEM's and standardise equipment.

Subject: Online Submission of Proposal of existing and new HIs/BIs and ideas under incubation scheme.

Sir/Madam

As aware, O/o DC(MSME) is implementing a Scheme "Support for Entrepreneurial and Managerial Development of SMEs through Incubators" and your institute is registered as one of the Host Institutes/Business Incubator as per records. Recently NIC has developed a MIS software for online submission of proposal by Host Institute (HIs)/Business Incubator (BIs) for approval. In order to bring transparency in the process, it has been decided that from 1.4.2018, proposals recd. through online MIS will only be accepted by this office. Therefore all existing HIs/BIs have to switch over to online mode and fill up details of their HI/BI in the software. The User id and password have been allotted to each HI/BI and guiding manual has also been prepared for ease of HI/BI. You may re-generate/change your password only, if desired. **Used id and password of your HI/BI is as below:**

User id	Password
Kdkce ngp9@sancharnet.in	Kdeck#@84112

It is to inform that no proposal will be accepted in hard form now onwards. Hence the proposal received in hard form in O/o DCMSE even prior to 1.4.2018 but could not processed due to want of some documents are also being returned back herewith to the concerned institute asking them to re-submit the proposal through online system. Further the proposal for release of funds for any instalment for ideas will be routed through online system only irrespective the institute/Incubatee has been released 1<sup>st</sup> or 2<sup>nd</sup> instalment through hard proposal processed by the O/o DC(MSME) in the past.

Further, it is mandatory that each HI/BI has to register itself in PFMS/EAT module. The name of Host Institute should be same as mentioned in agreement between GoI & HI, PFMS, Mandate form etc. so as to avoid any mismatch in agency name etc. For any assistance or guidance in this regard, you may contact our field office i.e MSME-DI to whom a copy of this letter is also endorsed (without used id and password of your institute).

For any software/uploading of data related query, you may contact NIC team Sh. Kuldeep Chauhan or Sh. Ashwani Kumar on Ph. No. 011-23062354, Mail id : [skg@nic.in](mailto:skg@nic.in)

Guiding manual with photo of screen shots is available on :

For uploading of data by old/ Approved HI/BI	<a href="https://my.msme.gov.in/WriteReadData/Manuals/OldHIBIManual.pdf">https://my.msme.gov.in/WriteReadData/Manuals/OldHIBIManual.pdf</a>
