IDEAL ACADEMY OF SCIENCE

Where True Art of Learning Starts!

Date : 16/01/25

Dear Dr. Fartode,

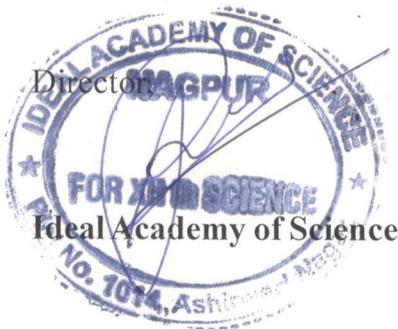

I hope this letter finds you well. On behalf of Ideal Academy of Science, Nagpur. I would like to express our sincere gratitude and appreciation for the insightful presentation you delivered to our students on the topic "Path to Success." Your address on various career options across multiple fields, the qualities necessary for success, and the importance of discipline truly resonated with everyone present.

Your detailed analysis of the different career paths available and the qualities required to excel in them was incredibly helpful. You were able to effectively motivate our students, encouraging them to think beyond traditional career options and explore new opportunities. The emphasis you placed on the importance of discipline as a foundation for achieving success left a lasting impact on all attendees.

We believe that presentations like yours are invaluable in guiding our students toward their future careers goals. The benefits to the students, in terms of gaining clarity on their potential paths and understanding the critical qualities for success, cannot be overstated. It was a session that not only inspired them but also equipped them with practical insights that will aid them in their journey.

Once again, thank you for taking the time to share your knowledge and expertise with us. We look forward to the possibility of collaborating again in the near future.

Warm regards,
