Subject: Letter of Appreciation for Guest Lecture

Respected, Dr. Kamal S. Chandwani,

On behalf of Wainganga College of Engineering and Management, Nagpur, we extend our sincere appreciation for your valuable presence as the Guest Speaker for the lecture on "Generative AI and Large Language Models (LLMs)" held on 07/08/2025.

Your insightful deliberation, depth of knowledge, and practical perspectives greatly enriched the academic experience of our students and faculty members. The session was highly informative and engaging, and it provided meaningful exposure to contemporary developments in the field. The clarity with which you explained complex concepts and connected them to real-world applications was particularly commendable.

We are truly grateful for the time and effort you invested in sharing your expertise with our academic community. Your contribution has significantly enhanced the learning environment and inspired our students to explore the subject with renewed interest and enthusiasm.

We look forward to future opportunities for collaboration and continued academic interaction.

Dear sir;

Thank You very much for delivering an informative & thought provoking lecture as Guest lecture on " Emerging Trends in Database Management System" held on 22nd Oct 2021 at our college for third year Computer Engineering student..

It was really a splendid presentation which gives immense exposure to our students to the field practices.

Looking forward your corporation in future as well.

Sub-Invitation for online One Week Short Term Training Program

Respected Sir
Greetings of the day!

The Yeshwantrao Chavan College of Engineering, Nagpur is a premiere institution of Central India offering UG, PG and Ph.D. programmes in various engineering disciplines. The institution possesses academic autonomy and is affiliated to the Rashtrasant Tukadoji Maharaj Nagpur University. The institution ranked 139 among all institutions offering Engineering programmes.

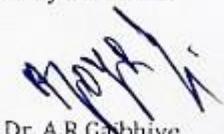

The Department of Civil Engineering is very active and organizes programmes related to industrial practices, new technologies and is keen on bridging the gap between curricula and practices.

The Department of Civil Engineering is proposing STTP on "Recent Developments & Practices in Hydraulics & Water Resources Engineering" from 28th February to 6th March 2022, in online mode. Students of Hydraulics & Water Resources Engineering across India, faculty members and all interested Civil Engineering graduates can attend the programme.

As a first step we have identified general themes for the programme. We are inviting you to choose relevant theme and topic as per your expertise and convenience; you are requested to accept our invitation to be a speaker in the proposed STTP. You are also requested to inform us suitable timings in the period mentioned. With you as one of the speaker, we are confident that the participants will be greatly benefited.

We earnestly request you to accept our invitation; a line of confirmation is highly solicited.

With best regards,

Dr. A.R. Gabhiye
Co-Convener
RDP-HYD&WRE 2022

Identified Themes

Design of Dams and detailing	Remedial measures for water losses in pipe networks
Soil-Structure Interaction	Interlinking of Rivers
Important provisions of various codes in design of hydraulic structures	Introduction to relevant software in design & working of Hydraulic Structures
Design of other hydraulic Structures	Advance topics in hydraulics & water Resources engineering
Earthquake Effects on Dams Structures	Case studies of Analysis and design of hydraulic structures, Failure and remedial measures, Use of innovative methods & techniques in design
Design of lift irrigation	Topic as per the wish of experts
Rain water harvesting

Subject: Thanking Letter for being the Resource Person at JDCOEM for Faculty Development Program.

Dear Ma'am,

On behalf of the organizing committee of the Five-Day Faculty Development Programme (FDP) on "Recent Advancement in Civil Engineering" held from 28th November 2023 to 2nd December 2023 at J D College of Engineering and Management, Nagpur, an Autonomous institute, run by Jaidev Education Society, an educational venture of Goyal Group of Industries, I would like to extend my heartfelt gratitude for accepting our invitation to be a Resource Person.

Your profound knowledge, experience, and insight on the topic have enriched the FDP and stimulated thoughtful discussion among the participants. Your presentation on **Artificial neural network application in water resource engineering** has been highly informative, educative, and motivational. The participants have gained a deeper understanding of the latest trends, innovations, and practices in Artificial neural network application in water resource engineering, which will undoubtedly benefit them in their teaching, research, and professional pursuits.

We appreciate your invaluable contribution to the FDP, which has made it a resounding success. Your presence and active participation have inspired and motivated the participants to pursue excellence in their academic and professional endeavors.

Once again, thank you for sharing your knowledge and expertise with us. We hope to have the privilege of welcoming you again in our future academic events.

Yours sincerely,

Sub-Invitation for online One Week Short Term Training Program

Respected Sir
 Greetings of the day!

The Yeshwantrao Chavan College of Engineering, Nagpur is a premiere institution of Central India offering UG, PG and Ph.D. programmes in various engineering disciplines. The institution possesses academic autonomy and is affiliated to the Rashtrasant Tukadoji Maharaj Nagpur University. The institution ranked 139 among all institutions offering Engineering programmes.

The Department of Civil Engineering is very active and organizes programmes related to industrial practices, new technologies and is keen on bridging the gap between curricula and practices.

The Department of Civil Engineering is proposing STTP on "Recent Developments & Practices in Hydraulics & Water Resources Engineering" from 20th February to 6th March 2022, in online mode. Students of Hydraulics & Water Resources Engineering across India, faculty members and all interested Civil Engineering graduates can attend the programme.

As a first step we have identified general themes for the programme. We are inviting you to choose relevant theme and topic as per your expertise and convenience, you are requested to accept our invitation to be a speaker in the proposed STTP. You are also requested to inform us suitable timings in the period mentioned. With you as one of the speaker, we are confident that the participants will be greatly benefited.

We earnestly request you to accept our invitation; a line of confirmation is highly solicited.

With best regards,

 Dr. A.R. Gadhbye
 Co-Convener
 RDP-HYD&WRE 2022

Identified Themes

Design of Dams and detailing	Remedial measures for water losses in pipe networks
3rd Structure Innovation	Interlinking of Rivers
Important provisions of various codes in design of hydraulic structures	Introduction to relevant software in design & working of Hydraulic Structures
Design of water hydraulic Structures	Advance topics in hydraulics & water Resources engineering
Earthquake Effects on Dams Structures	Case studies of Analysis and design of hydraulic structures, Failure and remedial measures, Use of innovative methods & techniques in design
Design of Dike/Levee	Topic as per the wish of experts
Rain water harvesting
