

KDK COLLEGE OF ENGINEERING, NAGPUR

**National Assessment and Accreditation Council
(NAAC)**

AQAR 2023-24

Metric No. 5.1.3

Capacity building and skills enhancement initiatives taken by the institution include the following:

- 1. Soft skills**
- 2. Language and communication skills**
- 3. Life skills (Yoga, physical fitness, health and hygiene)**
- 4. ICT/computing skills**

This Document is Certified from Page 1 to 122

“Service to the Society through Quality Technical Education”

KDK College of Engineering, Nagpur

(Accredited by NAAC & NBA - CE, EE, ME, ETC, CSE)

Approved by AICTE, Recognized by UGC under Section 2(f) of the UGC Act, 1956

Affiliated to Rashtrasant Tukadoji Maharaj Nagpur University

5.1.3

Capacity building and skills enhancement initiatives taken by the institution include the following:

- 1.Soft skills**
- 2.Language and communication skills**
- 3.Life skills (Yoga, physical fitness, health and hygiene)**
- 4.ICT/computing skills**

KDK College of Engineering Nagpur
Activity Report Session: 2023-24
Department / Committee: MECH ENGG.

Topic- Interview Interpersonal Skill			
Date	Department	Committee	Name of Co-ordinator
01/09/2023	Mechanical	---	V. B. Vaidya V. D. Dhopte
Time	Venue	No. of Participants	In Campus/ Out Campus
2.15 PM to 3.15 PM	Mechanical Department, KDKCE, Nagpur	Total: 44	In Campus
Speaker	Mr. Avinash Naidu, Senior Mentor, H. R. Mentors, Nagpur, Contact No.: 9373321369		

Brief Information about the Activity

Topic of Activity	Guest Lecture on "Interview Interpersonal Skill"
Objectives	The objective of lecture was to enlighten students on various skills required to crack a job interview thereby preparing them to face challenges of selection criterion at interviews more confidently.
Methodology	Lecture
Outcome	Students got aware about the required skills to face interview effectively. Student got aware to plan & prepare for an interview and to give the right first impression to interviewer. They were also made aware about the importance of soft skills, technical skills, knowledge of the job required to be a part of corporate structure.

Report

Department of Civil Engineering organized Seminar on BIM "by Er. Shivani Bhaisware (Alumni), & Er. Rohan Tote, Substellar Incorporation, Nagpur for the students of V & VII Sem Civil Engineering students on Friday, 27th July 2023 at 11:30 am.

Er. Shivani Bhaisware, & Er. Rohan Tote explains the importance & significance of BIM Structure which is widely using in Construction industry for Analysis & Design of Multistory Buildings, Bridges, Industrial structures etc. They first enlighten about the modeling of structures in BIM and explain same through BIM step by step. This lecture helps to upgrade the knowledge & skill of students which is used to developed the student's skill & capability which capture the opportunities in the field of Civil & Structural Engineering.

The Main Significance of this program is

- Students to get knowledge of Modeling through **BIM** Software.
- Importance & Significance of **BIM** Software which is widely using in Construction industry for Planning.
- Importance of Estimation & Drafting via **BIM** Software

Around 56 students were present in the Program

Report
Expert Lecture on "IT Industry Working Culture"

Department of Information Technology organized **Expert Lecture on "IT Industry Working Culture"** by Mr. Ankit Kshirsagar, Ank Hub Technology Services, Nagpur dated on 25/08/2023 for final year students. They Speak about key findings in IT industry working. Work, Culture, and Transnationalism', was to document the social and cultural transformations that have been set in motion by the rapid growth of the IT industries in India, and through this to shed some light on wider processes of globalisation. The study focused on the creation of the IT workforce; the new forms of work, employment, organization, and management, and the new cultures of work that have emerged in this industry, and on the transformations in lifestyle, sociality and identity that are taking place within this new global workforce. The software outsourcing industry is situated within the global informational economy primarily as a provider of low-end services, and this position has shaped the nature of the employment that has been created in this sector. The cultures of work and forms of organisation and management that have emerged within the software services outsourcing industry are substantially different from those in 'old economy' companies -- although there are also significant continuities. IT companies have imported a 'new age' management ideology based on flat structures, lack of bureaucracy, openness, flexibility, and employee empowerment. But, due to the requirements of the outsourcing

Report

**KDK College of Engineering, Nagpur.
Department of Information Technology
Session (2023-24)**

Seminar Report on "Working Process of Software Development"

Department of Information Technology organized Seminar on "Working Process of Software Development" by Mr. Ankit Kshirsagar, Ank Hub Technology Services, Nagpur dated on 31/08/2023 for third year students. In this session speaker told that Trial and error are inevitable in the process of software development; the redesign is wasteful when unfocused communication occurs within the development process. As software development fails and developers fail to meet their goals if they spend all their time fighting against an inappropriate organizational structure. Therefore, understanding the importance and advantages of the proper organizational structure is vital to the ultimate success of a software development organization. Many Chief Information Officers recognize that the organizational structure of their software development group has an impact on the success of their application development efforts. An organization is defined by much more than boxes containing job titles and names connected by lines representing a reporting structure. Each individual in an organization has the skills; these skills are usually formal or informal performance, future performance incentives, and rewards (compensation) measurements. How to develop and maintain high levels of motivation in project teams in the face of congestion and distraction, while maintaining focus was a

project goal to be researched. And at last they told how the groups or teams work fluently.

Post completion of the session students are suggested to develop this type of working environment in their academics. Session was successfully completed under the guidance of Dr. S. P. Khandait, HOD, IT, Dr. A. M. Badar, Vice-principal, Dr. C. C. Handa, Principal, KDKCE, Nagpur. In total 38 students and all the faculty members from department were present.

ACTIVITY REPORT

Aim & Objectives

Aim

The aim of conducting power point competition is to educate and enlighten the students about the

1. To enhance their speaking ability and personality development.
2. The purpose of PowerPoint is to act as a visual aid as a presenter goes along presenting their option, ideas, sales pitch, etc.

Objectives

1. Student presentations allow students to demonstrate how they organize and apply information and principles. The creative process allows synthesis of discrete concepts, theories, and arguments.
2. An objective slide is a slide in a presentation that outlines the specific goal or purpose. It appears near the beginning of the presentation and helps to orient the audience and set expectations for what they will see and hear.

Report

**KDK College of Engineering, Nagpur.
Department of Information Technology**

Session (2023-24)

Seminar Report on

"Learn to Communicate Well and Reason For Lack of Confidence"

Department of Information Technology organized Seminar on **"Learn to Communicate Well And Reason For Lack of Confidence"** by Mr. Jitendra Gangwani, Jeet Pinnacle Spoken English Training Center, Nagpur dated on 11/09/2023 for second, third and final year students. In this session speaker told that English is an important means of communication in the world. As an international language, English is one of the foreign languages taught to students. The students must be able to compete in the current global era, where competition is growing tighter. One of the skills required by students is communication in English. Learning English plays a central role in students' intellectual, social, and emotional development. It is a key to success as it is a lingua franca in various contexts including higher education settings. Speaking in a foreign language can be influenced by such psychological aspects as anxiety and self-confidence. The students who have high level of anxiety, worry, fear and low level of self-confidence in foreign language classes may have difficulties in developing their speaking ability. The objective of this

"Service to the Society through Quality Technical Education"

Approved by AICTE, Recognized by UGC under Section 2(f) of the UGC Act, 1956

Affiliated to Rashtrasant Tukadoji Maharaj Nagpur University

research was to find out whether there was a significant correlation between students' speaking anxiety, self-confidence, and their speaking achievement. The research used correlation design. Students with self-confidence have higher achievement. So, it is important for students to practice speaking English in the class, especially to improve the self-confidence when the students are communicating in English.

Post completion of the session students are suggested to develop this type of working environment in their academics. Session was successfully completed under the guidance of Dr. S. P. Khandait, HOD, IT, Dr. A. M. Badar, Vice-principal, Dr. C. C. Handa, Principal, KDKCE, Nagpur. In total 150 students and all the faculty members from department were present.

Report

**KDK College of Engineering
Department of Electrical Engineering
Academic Year 2022-23
Report of Guest Lecture on Cyber Security & Protection of
the Rights of Children Against Protection, Distribution and
Consumption of CSAM**

Department of Electrical Engineering, KDK College of Engineering, in association with a NGO Prakruthi, organized a Guest lecture on **Cyber Security & Protection of the Rights of Children Against Protection, Distribution and Consumption of CSAM** on 16th February 2024. Ms. Shalaka Biniwale was the guest speaker.

In the vast, interconnected cosmos of the internet, where knowledge and connectivity are celebrated as the twin suns of enlightenment, there lurk shadows of a more sinister nature. Here, in these darker corners, the innocence of childhood is not only exploited but also scarred, indelibly and forever. The production, distribution, and consumption of Child Sexual Abuse Material (CSAM) have surged to alarming levels globally, casting a long, ominous shadow over the digital landscape.

She discussed and explained through examples, with the students about both good & bad effects of using internet and how careful we should be while searching and using social media. There was overwhelming response of students. The dignitaries present for the program were Dr. Mrs. S. S. Ambekar, Prof. & Head, EED, Dr. G.H. Agrawal, In-Charge, First year, and all faculties from the department. The program was conducted by Mrs. V. B. Hardas, Asst. Prof., EED.

To,

Ms. Shalaka Biniwale,
Project Coordinator, Peakruthi,
NGO, Nagpur.

Subject: Letter of Thanks.

Dear Madam,

We sincerely express our heartfelt thanks to you for your valuable guidance given to our students on the topic "Cyber Security & Protection of the Rights of Children against Production, Distribution and Consumption of CSAM" on Friday, 16th February 2024.

Your expert lecture has been of immense benefit to the students.

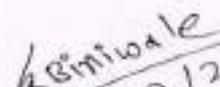

We expect similar kind of co-operation in our future endeavors.

Thanks & regards

Yours truly,

Activity Report (2023-24)
Mechanical Engineering Department/Committee/Faculty

Name of Activity: Two Week training program on Product Design and Development by using CREO			
Date	Faculty	College/Deptt./Committee	Name of Coordinator
23/08/2023 to 09/09/2023	Engineering	Mechanical Engineering	Dr. P. G. Mehar Prof. V. D. Dhopte
Time	Venue	Number of Participants	Nature: Outdoor/Indoor
1.15 pm to 3.15 pm	CAD Lab	53	Indoor
Support/Assistance/Resource Person: Mr. Mahesh Sahare, Director, CAD Steppers, Nagpur Contact No.: 9372740099			

Brief Information about the Activity

Topic/Subject of Activity	Two Week training program on Product Design and Development by using CREO
Objectives	Students should know the modern tool like Creo and its usage.
Methodology	Offline
Outcomes	The students got two week training on Creo software, so that they can use the modern engineering tools and solve the complex problem.
Relevance to PO	PO3, PO5

Course Duration: 2Months (10 February to 25th April 2024)

Venue : Computer Lab, Department of Civil Engineering, KDKCE, Nagpur

Introduction: The Value Added course cum Training Program on AutoCAD 2D & 3D Software for 3rd year students was organized by the Department of Civil Engineering of K.D.K.College Of Engineering, in collaboration with Substellar Incorporation, Nagpur. Prof.Dr.Ashay Shende was the coordinator for this training program under the guidance of Dr.Valsson Varghese (Head Of Department).

The aimed of Value added course to provide participants with a comprehensive understanding of the AutoCAD software and its importance in drafting of different structures and it components that are use in Civil Engineering.The resource person for the event was Ms. Shivani Baisware, M.E. (TE), who conducted the training programme, covering both theoretical and practical aspects of AutoCAD 2D & 3D implementation in Civil Engineering.

Course Objectives:

The primary objective of this courseware is to teach students the basic commands necessary for professional 2D drawing, design and drafting using AutoCAD .This includes:

- Navigating the AutoCAD user interface
- Using the fundamental features of AutoCAD
- Using precision drafting tools in AutoCAD to develop accurate technical drawings.
- Presenting drawings in a detailed and visually impressive manner

Intended Outcomes For the Course

Upon Completion of the course students will be able to :

- Utilize the power and precision of AutoCAD as a drafting and design tool used in the building design and Construction industries.
- Apply basic CAD concepts to develop and construct accurate 2D geometry through creation of basic geometric constructions.
- Create ,manipulate and edit 2D drawings and figures.
- Apply elements of civil drafting such as layers, dimensions, drawing formats and 2D figures in projects with a focus on AEC industry standards.

“Service to the Society through Quality Technical Education”

Affiliated to Rashtrasant Tukadoji Maharaj Nagpur University

Course Activities and Design

Instructor activities:

- Provide Lecture using AutoCAD software, demonstrating commands via user interface and typed commands. Use examples and projects seen in the CAD and drafting industry.
- Demonstrate AutoCAD commands and workflow through lecture and videos.
- Show industry standard procedures to solve various drafting and CAD related industry problems.
- Oversee open lab time to assist students in assigned projects. Use question and reinforce lecture material for guiding students to complete projects.
- Coach students to instill confidence and develop the ability for self-teaching.

Value Added course on AutoCAD 2D & 3D Highlights:

- The software course training was divided into multiple sessions covering various aspects of AutoCAD 2D & 3D software .The following topics were covered during the course:
 1. Introduction to Different Drawings types use in Construction Industry.
 2. Introduction To AutoCAD
 3. User Interface of AutoCAD 2D
 4. Creation of 2D geometries using draw & modify tool of AutoCAD 2D
 5. Creation of Building floor plan using AutoCAD commands.
 6. Creation of Elevation and building section using commands.
 7. Creation of Table using AutoCAD commands as well as importing excel table into AutoCAD.
 8. Sheet Creation using CAD.
 9. Introduction to AutoCAD 3D
 10. Userinterface of AutoCAD 3D
 11. Creation of different 3D Objects like Door, Window,Furniture etc using AutoCAD 3D.
 12. Application of Material texture to objects.
 13. Creation of environment exposure
 14. Creation of different scenes of 3D objects using Camera
 15. Rendering of 3D object into AutoCAD

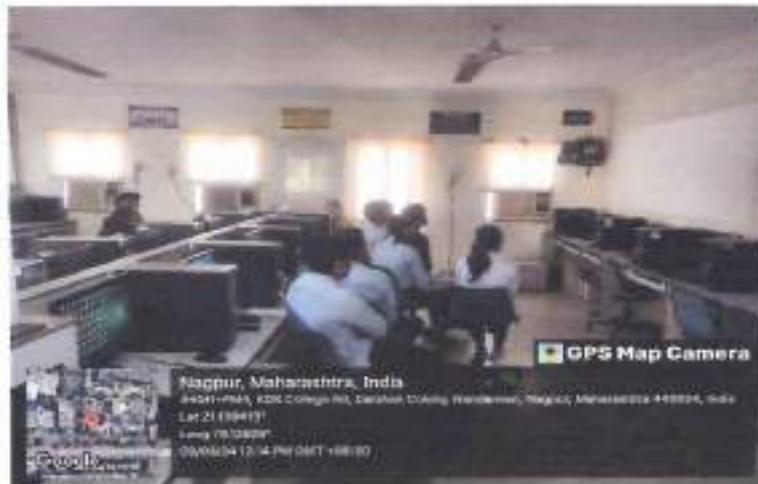

"Service to the Society through Quality Technical Education"

KDK College of Engineering, Nagpur

(Accredited by NAAC & NBA - CE, EE, ME, ETC, CSE)

Approved by AICTE, Recognized by UGC under Section 2(f) of the UGC Act, 1956

Affiliated to Rashtrasant Tukadoji Maharaj Nagpur University

Demonstration of AutoCAD commands by Instructor

Outcome Assessment Strategies

- Complete assignments, projects, test or quiz problems and class activities which apply real-life situations to computer aided design and drafting scenarios encountered in industry using AutoCAD.
- Complete activities, assignments and exam, which show an understanding of AutoCAD projects and design problems related to computer aided design and drafting profession.
- Participate in and contribute to ,class discussions ,activities and projects

Assessment must include evaluation of the student's ability to arrive at correct drawings or designs using proper procedures and notation with AutoCAD for making 2D drawings.

At least two of the following additional measures must also be used:

Graded Homework

Quizzes

Projects

Tool Test

Subject: Proposal for AutoCAD Training Partnership

Dear Sir,

I hope this letter finds you well. I am writing to propose a mutually beneficial collaboration between SubStellar Inc. and your esteemed college for the provision of AutoCAD training on your campus. We have carefully assessed the educational needs of your institution and are confident that our expertise in AutoCAD training can significantly contribute to the skill development of your students.

Overview of SubStellar:

SubStellar is a reputable firm specializing in BIM services and training with a team of highly skilled professionals and a proven track record in providing quality training, we are dedicated to empowering the next generation of engineers with practical skills that are essential in today's competitive job market.

Proposal Details:

- 1. AutoCAD Training Program:** We propose to conduct an AutoCAD training program at your college for civil engineering students. Our curriculum is designed to cover essential AutoCAD skills, including practice projects. The program will be structured to accommodate different skill levels.
- 2. Instructors:** Our experienced instructors, who are experts in AutoCAD, will lead the training sessions. They will provide hands-on guidance, practical insights, and real-world applications to ensure that students not only understand the software but can also apply it effectively in their future careers.
- 3. Duration and Schedule:** We recommend a 1 month program, with 25 module of training. The schedule can be tailored to fit the academic calendar of the college and the availability of students.
- 4. Cost Proposal:** Recognizing the importance of cost-effectiveness, we are pleased to offer our training program at a significantly lower cost than the market rates. We are proposing a fee of -
 - a. 5000 INR per student considering a batch of 25 students.
 - b. 4000 INR per student considering a batch of above 25 students.
- 5. Infrastructure Requirements:** We will work closely with the college to identify and arrange for any necessary infrastructure requirements, such as computer labs, projectors, and software installations.

Address:
16A, Rajarshi Nagar,
Beltarodi Road, Nagpur,
Maharashtra 440027 India

(Accredited by NAAC & NBA - CE, EE, ME, ETC, CSE)

Approved by AICTE, Recognized by UGC under Section 2(f) of the UGC Act, 1956

Affiliated to Rashtrasant Tukadoji Maharaj Nagpur University

6. **Certification:** Upon completion of the program, participants will receive a certificate from SubStellar, validating their proficiency in AutoCAD. This certification will enhance their resumes and increase their employability in the engineering industry.

Benefits for Students:

- **Enhanced Curriculum:** Integrating AutoCAD training into the curriculum will enrich the educational experience of your students and provide them with practical skills that are highly valued in the industry.
- **Competitive Edge:** Graduates with AutoCAD proficiency will have a competitive edge in the job market, making them more attractive to potential employers.

We would be delighted to discuss this proposal further at your convenience. Please let us know a suitable time for a meeting or if you require any additional information. We are excited about the prospect of contributing to the success and look forward to the possibility of working together.

Thank you for considering our proposal. We appreciate the opportunity to collaborate with your esteemed college.

Sincerely,
SubStellar

The poster is framed in a double-line border. At the top left is the KDK logo, and at the top right is the Substellar logo. The text is centered and reads: "Service to the society through Quality Technical Education" (top left), "K.D.K. College of Engineering, Nagpur (NBA & NAAC Accredited)" (top center), "Department of Civil Engineering" (middle), "In Association with Substellar Incorporation, Nagpur" (middle), "Valedictory Function" (middle, underlined), "We cordially invite you to grace the Valedictory Function of the Two Months Value Added Course on AutoCAD 2D & 3D" (bottom center), "Duration from 10/02/2024 to 25/04/2024" (bottom center), "Date : 29th April 2024 (Monday)" (bottom center), "Venue : Civil Seminar Hall KDKCE, Nagpur" (bottom center). At the bottom, there are four names and titles: Prof. A.D. Shende (Co-ordinator, Value Added courses/CET), Dr. Swapnil R. Satone (Head Civil Dept., KDKCE), Dr. A.M. Badar (Vice Principal, KDKCE), and Dr. Valsson Varghese (Principal, KDKCE). A circular stamp of the institution is on the bottom right.

Report

Guest Lecture on Software's in Civil Engineering

Department of Civil Engineering organized Seminar on "Guest Lecture on Software's in Civil Engineering by CESA" by Mr. Saurabh Vaidya, from Civil Engineering Software's Academy (CESA), Nagpur for the students of III Year Civil Engineering Students on 12th September 2024 at 03:30 pm.

Mr. Saurabh Vaidya was covered introductory part and he gave all basic idea about Civil Engineering Software's. Various software tools are integral to civil engineering projects across different specialties like structural, geotechnical, water resources, transportation, and environmental engineering.

The main Significance of lecture was,

- Types of Softwares in Civil Engineering
- Application of Softwares
- Proper selection of softwares

Around 93 students were present in the Program

Prof. D. S. Padole
