Place where Rally Ends

Place where Play will be performed

Cause of Concern

Why Futala lake is being selected for this awareness program?

- ✓ Futala Lake is the lake spread over 60 acres of area. And it has become the most wishful lake to spend time and relax with our friends & family
- ✓ Although the lake offers a good time to spend, people litter in its premises and in water body, which is harmful and shameful for the pride of our city.
- ✓ As the mob visiting Futala Lake comprises of 80% of teenagers and young mob so, was found to best place to spread awareness.

What is the reason behind conducting this awareness activity?

- ✓ Not only the illiterate but also the literate people litters into water bodies and in the premises, which is shameful act.

Why not other lake was selected which is located close to the college premises?

- ✓ Since 80% of youth mob is observed in Futala lake premises.
- ✓ Awareness in young mob is the sign of better future.
- ✓ Other lakes located near college will also be considered and worked upon after the successful first program at Futala Lake in series.
