ABOUT CONFERENCE

The aim of the e-time is to bring together academicians, teachers and industry personnel working in the field of mechanical engineering. This would be a great platform to share recent innovative practices being developed, adopted and to share the challenges faced in the same.

CALL FOR PAPER

Budding Technologists, Scientists, Professionals and Research scholars, faculties, UG/PG students of all branches are invited to present their unique work, researches and practice as technical papers in the International Conference beneath the below mentioned sub themes. The international conference includes the subsequent scopes for the professionals. The research works within the extent are satisfactory for the appearance in the International conference.

THEME : EMERGING TRENDS IN MECHANICAL ENGINEERING

SUB THEMES :

- Recent advancements in Manufacturing Technology.
- Low cost Agriculture/Farm/Food Processing/Fruit Processing Machinery.
- Artificial Intelligence • Nano Technology in Mechanical Engineering.
- Advancements in Automobile Industries • Renewable Energy
- Recent Trends in Industrial Engineering and Quality Control
- Mechatronics • Computers in Design and Manufacturing
- Material Science • Entrepreneurship • Vibration
- Rural development Technology • Finite Element Methods/Analysis
- Thermal Engineering • Refrigeration and Air Conditioning
- Dynamics of Machines, etc.

AUTHOR INFORMATION

All selected papers will be published in IJRECE, RRJOURNAL, IJMTE or other mentioned UGC Approved journals.

Authors who required publication in Scopus Indexed Journals will be charged additionally based on journal selection. Authors can contact the organizing team for additional information of Scopus paper submissions. Journals For Scopus - IJMPERD or IJVVSS.
